

Ukiah Valley Rural Health Center Objectives

Term 2 & 3

At the completion of this unit the student will be able to:

1. Describe the role of the LVN in this office.
2. Identify the patient population that receives care at this facility.
3. Choose one patient and describe, using SBAR format, the reason for the patient's office visit, problems identified, treatment and education given.
4. Assist with rooming patients and obtaining accurate vital signs and weights.
5. Describe the process for the reconciliation of medications.
6. Identify the progress notes in the EMR.
7. Discuss the most common health problems and nursing care observed among a given population group.
8. Assist with care of specific patients as assigned by the supervising nurse.
